13 It is the duty of Mr Krishna Rao to prepare detailed schemes for introducing compulsory education in the 15 places where into its introduction has been sanctioned.

14 The first step to be taken is to make a correct census of the population of school age, ascertain how many are not going to school & determine ~~to~~ what facilities are necessary to get them into school. All this will involve a lot of detailed work & it is only when that work has been done that we shall have an accurate idea of the expenditure that will be necessary & it is only then that a Scheme in the sense apparently intended by the T. D. can be prepared.

15 The officer on special duty has to be kept on till such a detailed Scheme has been prepared, sanctioned & brought into working order. I think this will at least take a couple of years more.
